

For over 50 years, The Phillips Academy has supported students with complex needs through personalized instruction, therapeutic care, and a compassionate community. Our skilled staff is dedicated to helping every student grow-- academically, socially, and emotionally.

Last year, **thanks to generous supporters like you**, we expanded our offerings in meaningful ways. We introduced new **Drawing and 3D Printing electives**, revived our popular **Woodshop program**, expanded **sports opportunities** across all grades, and **increased student participation** in our **Cooking Program**, which builds essential life skills.

Here's how your contribution can directly impact our students:

- **\$50 - Grow Our Garden:** Provide seeds, containers, tools, and soil for our garden program
- **\$100 - Inspire Artistic Expression-** Stock our new drawing elective with notebooks, sketchpads, and quality art supplies.
- **\$500 - Develop Emerging Culinary Skills-** Support our cooking program, where students learn essential life skills by planning, shopping for, and preparing new recipes.
- **\$1,000 - Foster Musical Creativity:** Fund new musical instruments and support the power of music to provide comfort and healing.

Exciting News! A \$25,000 matching grant, generously provided by an anonymous donor, means that every dollar of **your donation will be matched**, doubling the impact of your contribution.
